Introduction

The Unified Planning Work Program (UPWP) has been prepared to define the tasks to be undertaken and the anticipated funding requirements of the Florida Metropolitan Planning Organization Advisory Council (MPOAC) for fiscal years 2018/2019 – 2019/2020 covering the period from July 1, 2018 through June 30, 2020.

The UPWP provides the basis for funding of the transportation planning activities to be undertaken with Federal Highway Administration (FHWA) planning funds (PL) and Federal Transit Administration (FTA) Section 5305(d) metropolitan planning funds to support the activities of the MPOAC.

The MPOAC utilizes soft matches for its federal funding sources. These soft matches include toll revenues as a credit toward the non-federal matching share of all programs authorized by Title 23 and for transit programs authorized by Chapter 53 of Title 49, U.S.C. The soft match provision allows the federal share to be increased to 100% to the extent credits are available. The soft match to federal dollars is calculated to an 80%/20% ratio as required. For both Fiscal Years 2018/2019 and 2019/2020, there are $498,548 of federal PL dollars and these funds are soft matched by $124,637 of toll credits.

Following this introduction is a discussion of the organization and management of the MPOAC. The specific transportation planning activities to be undertaken these two fiscal years by the MPOAC staff are organized into four major sections, each of which comprises a number of individual tasks:

1) Administration: This section includes those functions required to manage the transportation planning process on a continual basis, including program administration, development, review and reporting, as well as such activities as intergovernmental coordination, public information and notice, and training.

2) Forum for Cooperative Decision-Making: This section includes those functions necessary to establish a forum for cooperative decision-making among Florida’s MPOs, and with other public and private partners who participate in the cooperative, comprehensive, and continuing transportation planning process.

3) Dissemination of MPOAC Information: This section includes those functions necessary to develop, reach consensus on, and distribute MPOAC information that can both educate and assist policy makers at the various levels of government. Also included in this section are those tasks of the MPOAC which are used to cross organizational lines to involve the many diverse participants of the transportation planning process.

4) Project Planning and Reports: This section includes those functions which are necessary in order to prepare certain project studies, reports and correspondence. These activities often result in specific work products that are initiated and endorsed by the MPOAC.

Public Involvement

Development of the UPWP included various public involvement opportunities. The Florida Department of Transportation (FDOT), FHWA, FTA and each MPO were provided a copy of the draft UPWP via the internet with a request to submit comments over a two-week period. The draft UPWP was also displayed on the MPOAC website for a similar period of time and was included in the June 2018 MPOAC meeting agenda package. The MPOAC website is updated and maintained by the MPOAC staff and is accessed by the public and MPOAC partner organizations on a regular basis.
Organization and Management

The Metropolitan Planning Organization Advisory Council (MPOAC) was created by the 1984 Florida Legislature pursuant to Section 339.175(11), Florida Statutes. The MPOAC was created with the primary purpose and duty to:

“Assist MPOs in carrying out the urbanized area transportation planning process by serving as the principal forum for collective policy discussion pursuant to law” and

“To serve as a clearinghouse for review and comment by MPOs on the Florida Transportation Plan and on other issues required to comply with federal or state law in carrying out the urbanized transportation planning processes.”

The 1993 Florida Legislature expanded the authority of the MPOAC and allowed the Council to “employ an executive director and such other staff as necessary to perform adequately the functions of the council, within budgetary limitations.” The legislation assigned the MPOAC to the Florida Department of Transportation (FDOT), Office of the Secretary for fiscal and accountability purposes, but specified that the MPOAC “shall otherwise function independently of the control and direction of the Department.”

The MPOAC bylaws were updated and adopted at the January 2017 meeting of the MPOAC and are available on the MPOAC website. The MPOAC bylaws define the roles and responsibilities of the Governing Board, the Staff Directors’ Advisory Committee and the Executive Committee and outline the operational procedures of the MPOAC.

The organization of the MPOAC consists of a 27 member Governing Board and a 27 member Staff Directors’ Advisory Committee.

The Staff Directors’ Advisory Committee serves as a forum for the discussion and formulation of recommendations to the Governing Board, which will later be forwarded to appropriate governmental bodies or other individuals. Recommendations are related to statewide concerns regarding all transportation-related issues.

Executive Committee

The Executive Committee consists of the MPOAC Governing Board Chair and Vice-Chair, a member of the Governing Board serving at-large, and the Staff Directors’ Advisory Committee Chair and Vice-Chair. The Executive Committee provides policy direction for the MPOAC between Governing Board meetings and provides an annual evaluation of the MPOAC Executive Director.

Policy and Technical Committee

The Policy and Technical Committee consists of any individuals or designees who serve on the MPOAC Governing Board or Staff Directors’ Advisory Committee and wish to participate. Representatives from the Florida Department of Transportation (FDOT), the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) are also invited to participate on the Committee. The Committee meets in order to identify issues for future action by the MPOAC Staff Directors’ Advisory Committee and Governing Board.

Freight Committee

The MPOAC Freight Committee serves as a clearinghouse of actionable ideas that allow Florida’s MPOs to foster and support sound freight planning and freight initiatives. The Freight Committee seeks to understand the economic effects of proposed freight-supportive projects; foster relationships between public agencies with responsibilities for freight movement and private freight interests; and reduce policy barriers to goods movement to, from, and within Florida. The Freight Committee meets as necessary throughout the year in concert with the statewide meetings of the MPOAC.

Strategic Plan Working Groups

The MPOAC adopted the MPOAC Strategic Directions Plan in April 2016. The Strategic Directions Plan provides the agency with a mission and guiding principles and a set of goals. In order to achieve those goals, the Strategic Directions Plan envisioned the establishment of several working groups. The working groups, “to determine how best to share information on best practices and innovations with members and other interested parties.” In 2016, the MPOAC established the Best Practices Working Group (now called the Noteworthy Practices Working Group) and the Bike and Pedestrian Working Group (now called the Complete Streets Working Group). In 2018, the MPOAC expects to establish the Training Working Group to focus on MPO member and staff training and education strategies. The Working Groups meet as necessary throughout the year in concert with the statewide meetings of the MPOAC.

MPOAC Staff

The staff of the MPOAC consists of an Executive Director and an Administrative Assistant. The MPOAC also employs a General Counsel under a legal services contract and contracts for research and staff support with the Center for Urban Transportation Research at the University of South Florida. FDOT assists in the operation of the MPOAC by providing office space and other related services. Pursuant to Florida law, the MPOAC is assigned to the Office of the Secretary of FDOT for fiscal and accountability purposes, but otherwise functions independently of the control and direction of FDOT.
1.0 ADMINISTRATION

This section includes those functions required to manage the transportation planning process on a continual basis, including program administration, UPWP development, reporting, legal and planning consulting services and membership dues.

Administration Tasks include:

- Task 1.1 – MPOAC Administration
Task 1.1 – MPOAC Administration

Purpose

Work and products within this task are recurring and predictable by their nature. Those efforts include financing and managing the daily operation of the Metropolitan Planning Organization Advisory Council (MPOAC) in a manner that is necessary to perform its duties. This includes the purchase or leasing of capital equipment, maintaining legal services for MPOAC operations and meetings, arranging for and holding quarterly meetings of the MPOAC Governing Board, the MPOAC Staff Directors Committee, the MPOAC Freight Committee, meetings of the Policy and Technical Committee, maintaining the MPOAC.org website, the payment and processing of invoices and requisitions, the administration of travel funds, conducting personnel actions and evaluations, and all other administrative actions. To maintain memberships with partner organizations nationally and in Florida, namely AMPO, NARC, ITSFL, FPTA and FBT (note: AMPO and NARC dues cover the cost of membership for all MPOs in Florida). To retain legal services and contract for research and support services to the Metropolitan Planning Organization Advisory Council (MPOAC) in order to prepare the necessary work products and services.

MPOAC Policy and Technical Committee - To identify and propose issues for future action by the Staff Directors’ Advisory Committee and Governing Board.

MPOAC Freight Committee - To identify and investigate state and MPO freight related planning and policy issues. To also propose actions by the Staff Directors’ Advisory Committee and Governing Board to address freight issues of significant relevance to MPO planning and programming activities.

Previous Work Completed

The MPOAC complied with all federal and state standards in the payment and processing of invoices and requisitions and all personnel actions during the past two years. Travel to meetings and conferences were conducted according to all federal and state travel provisions and the purchase of capital equipment followed appropriate procedures. Annual memberships were maintained in AMPO, NARC, ITSFL, FPTA and FBT (note: AMPO and NARC dues cover the cost of membership for all MPOs in Florida) and legal counsel was provided as needed and at meetings of both the MPOAC Staff Directors and Governing Board. Production of the 2016-18 UPWP and tracking of expenditures was accomplished during the past two years. Legal services have been provided by a contractual employee of MPOAC who attends meetings of the MPOAC Governing Board, MPOAC Staff Directors Committee and the MPOAC Policy and Technical Committee. Legal advice is sought on an as-needed basis.

MPOAC Website - This task is for hosting, maintaining, upgrading and owning the MPOAC.org website which includes the annual fee to register the domain. CUTR has maintained the MPOAC.org website by keeping membership information updated, posting updated MPOAC meeting agendas, draft meeting minutes, an annual meeting calendar, MPO employment opportunities and refreshing other website content as necessary. Internet searches have been continuously conducted to identify relevant national and state news articles for posting to the website.

MPOAC Policy and Technical Committee - The Metropolitan Planning Organization Advisory Council (MPOAC) Policy and Technical Committee met multiple times in FY 2016/2017 and FY 2017/2018 in Orlando. The agenda items from the meetings included, but were not limited to, the MPOAC Strategic Directions Plan, proposed federal rules on MPO Coordination and Planning Area Reform, the PL funding and statewide distribution formula, federal infrastructure legislation, performance measurement goals and targets, financial guidelines for MPO long-range transportation plans (LRTPs), automated vehicles in MPO LRTPs, public involvement, MPOAC meeting calendars, and the 2017 and 2018 legislative initiatives and policy positions. In addition to the MPO staff directors who serve on the committee, representatives of the Federal Highway Administration (FHWA), FDOT, NARC, and the Florida Transportation Commission were also in attendance.
MPOAC Freight Committee - The MPOAC Freight Committee meets as needed in association with the Metropolitan Planning Organization Advisory Council (MPOAC) Governing Board meeting. The MPOAC Freight Committee met multiple times during FY 2016/2017 and FY 2017/2018 to discuss items of relevance to freight movement within and through Florida’s metropolitan areas.

The MPO Advisory Council (MPOAC) staff has developed and distributed agenda packages and arranged meeting locations during four agreed upon meeting dates and times. The agenda packages contain minutes of the previous meetings, old and new business agenda items, back-up material and other handouts for distribution at the meetings. Agenda packages and other MPOAC meeting information are posted to the MPOAC website to provide easy access to information by MPOAC members and the public.

Since 1994 the MPOAC has had no more than two staff positions, an Executive Director and an Administrative Assistant. The MPOAC provides research and other practical support to Florida’s 27 MPOs, monitors legislative and regulatory proposals at both the federal and state level, participates in the policy development activities of various federal and state transportation and related initiatives, and provides its membership continuing education opportunities. In an effort to supplement the existing MPOAC staff effort, the Center for Urban Transportation Research (CUTR) at the University of South Florida (USF) has provided a variety of needed transportation services and expertise to the MPOAC through a transportation planning services agreement that has been in place since Fiscal Year 2001/2002.

Proposed Methodology

Continue to process all invoices and requisitions and expend travel funds in a manner consistent with state and federal provisions relating to the expenditure of federal planning funds (PL) from the Federal Highway Administration (FHWA) and Section 5305(d) funds from the Federal Transit Administration (FTA). Research and support staff (identified in Task 1.3) assists in the development of MPOAC meeting minutes, agenda item materials, PowerPoint presentations and other related activities. Continue annual memberships in AMPO, NARC, ITSFL, FPTA and FBT (note: AMPO and NARC dues cover the cost of membership for all MPOs in Florida). Continue to maintain legal counsel as needed and at meetings of both the MPOAC Staff Directors and Governing Board. Produce a new UPWP for fiscal years 2020-22 and track the expenditures within the 2018-20 UPWP. Advertise meetings in the Florida Administrative Register as required by Florida’s Sunshine Law.

MPOAC Website - This task is for hosting, maintaining, upgrading and owning the MPOAC.org website which includes the annual fee to register the domain. CUTR staff will continue to maintain the MPOAC website with information from the Staff Directors’ Advisory Committee, Governing Board, Policy and Technical Committee, MPOAC Freight Committee, MPOAC Strategic Directions Plan Working Groups FDOT, FHWA and the FTA. The transportation news sections of the website will continue to be updated with fresh information of national and state significance. Additionally, MPO and Census Urbanized Area boundary maps will continue to be updated for inclusion on the website using an automated GIS based software package. The MPOAC will provide management and oversight responsibilities for website content and functionality and provide CUTR with new and updated information.

The agenda packages will contain minutes of the previous meetings, old and new business agenda items, back-up material and other handouts for distribution at the meetings. Agenda packages and other MPOAC meeting information will be posted to the MPOAC website to provide easy access to information by MPOAC members and the public.

The MPOAC proposes to contract directly with CUTR to receive the services of CUTR employee(s) who would be assigned to work for and be supervised by the MPOAC Executive Director. The employee(s) will be located at the CUTR building on the USF campus in Tampa, but be available to complete agreed upon tasks, including attending meetings and conferences, wherever needed.

Included in the financial tables is the State of Florida provided office space. The rate for state office space has been determined by the State of Florida, Department of Management Services to be $17.00 per square foot per month. This includes all services such as janitorial, printing (in-house only), security, information technology support, postage, utilities, printer paper, common areas, small meeting rooms, communications and communications technology, etc. MPOAC occupies 342 square feet of office space. Because MPOAC does not pay rent, however the State of Florida does incur an expense by hosting MPOAC, this expense is shown as an in-kind match.

This section includes those functions necessary to develop, reach consensus and distribute Metropolitan Planning Organization Advisory Council (MPOAC) information that can both educate and assist policy makers at the various levels of government. Also included in this section are those tasks of the MPOAC that are used to cross organizational lines to involve the many diverse participants of the transportation planning process.

Dissemination of MPOAC Information Tasks include:

- Task 2.1 – MPOAC Policy Positions
- Task 2.2 – MPOAC Institute Training Activities
Task 2.1 – MPOAC Policy Positions

Purpose

To disseminate information to elected officials regarding issues of importance to metropolitan planning organizations (MPOs), including recommendations on how best to coordinate and integrate federal and state transportation planning requirements. All time charged to this task will be paid for with local funds only, no federal funds shall be used on this task and these types of activities per Federal Regulations 2 CFR 200.450.

Previous Work Completed

The Metropolitan Planning Organization Advisory Council (MPOAC) Policy and Technical Committee met multiple times in 2016 and 2017 to discuss legislative policy positions and a variety of other statewide policy issues. Upon adoption, the MPOAC distributed its adopted policy positions to affected parties in February 2017 and December 2017.

On October 16, 2003, the MPOAC Governing Board approved a motion to annually request that each MPO in the state contribute $500 or more of non-federal local funds to the MPOAC to support and fund legislative advocacy and other related activities. The Governing Board has adopted a budget of $7,500 in non-federal local funds for this activity in each subsequent fiscal year. The MPOAC has used non-federal local funds for advocacy activities such as legislative initiatives that the MPOAC wished to have advanced during Florida’s previous legislative sessions. The MPOAC also distributes a weekly legislative newsletter at the end of weeks the legislature meets. The newsletter is distributed to the MPOAC membership and to several partner organizations.

Proposed Methodology

The MPOAC will develop and distribute MPOAC resolutions, policy positions, legislative recommendations and correspondence that are endorsed by the MPOAC Governing Board and presented to other policy and decision-makers at the state and federal government. The MPOAC Policy and Technical Committee will seek the participation of the Florida Department of Transportation, the Florida League of Cities, the Florida Association of Counties, the Florida Public Transportation Association, and other stakeholders to establish policies that enhance the cooperative, comprehensive, and continuing transportation planning process. The MPOAC will also produce and distribute a weekly legislative newsletter at the end of weeks which the legislature has met.

Work Products

Adopt and distribute before the annual session of the Florida Legislature, the MPOAC’s Legislative Priorities and Policy Positions to the Governor, the Florida Legislature, MPOAC members, Florida Department of Transportation, Florida Division of the Federal Highway Administration, Region 4 of the Federal Transit Administration, Florida Association of Counties, Florida League of Cities, Florida Transportation Commission, Florida Public Transportation Association and other stakeholders. The MPOAC will also produce and distribute a weekly newsletter at the conclusion of each week the legislature meets.

The MPOAC will use non-federal local funds for advocacy activities such as legislative initiatives to be advanced during Florida’s legislative session. These funds may be used for travel expenses if needed.

Milestones

Fall 2018 through Spring 2019 and Fall 2019 through Spring 2020 – Development of MPOAC policy positions for use during the 2019 and 2020 Florida Legislative Sessions. Production of a weekly legislative newsletter at the end of weeks the Florida legislature meets.

Task 2.2 – MPOAC Institute Training Activities

Purpose

To provide on-going training to metropolitan planning organization (MPO) officials in the many activities that encompasses the MPO planning process.

Previous Work Completed

During fiscal years 2003 through 2006, the Florida Metropolitan Planning Organization Advisory Council (MPOAC) funded a training feasibility study and the development of MPOAC Institute training materials. In fiscal year 2006/2007, the MPOAC launched the MPOAC Institute, providing training at workshops and at the Weekend Institute for Elected Officials. In fiscal year 2008/2009, the MPOAC added an extra Weekend Institute for Elected Officials (raising the number to two a year) due to high demand and agreed to provide the transportation module as part of the Florida Association of Counties (FAC) County Commissioner Voluntary Certification program. Throughout the years, the MPOAC Institute training materials have been updated on an annual basis to reflect changes in transportation policy, laws and practices and have been made available to MPOs across the state for their use.

As of January 2018, the MPOAC Weekend Institute has been held 22 times (twice by special request) since 2007, with a total attendance of 321 MPO Governing Board members coming from all of Florida’s 27 MPOs (MPOAC Institutes were held in April and June 2018, but attendance figures were not available at the time this Task was prepared). Additionally, MPOAC Institute workshops have been held many times during the past several fiscal years, providing MPO-related training to several hundred local elected officials, county and municipal officials and MPO staff and committee members.

Proposed Methodology

The MPOAC will actively manage the delivery of MPO-related training opportunities through the MPOAC Institute initiative. The primary training venue will be at two weekend training institutes. The training will be delivered in a retreat environment where MPO elected officials can concentrate on learning the basics of MPO practices and processes away from the normal interruptions and demands placed on local elected officials. Training will also be delivered as part of the FAC County Commissioner Voluntary Certification program. Training dates are anticipated to be in the spring of 2019 and 2020. All training materials will be continuously updated to reflect any changes in federal or state laws, regulations and guidance and be made available to Florida MPOs for their use on the MPOAC website.

Work Products:

The MPOAC Institute will provide MPO-related training in a variety of venues including two weekend training institutes and a training workshop held as part of the FAC County Commissioner Voluntary Certification program. All training materials will be made available to Florida MPOs, the Florida Department of Transportation (FDOT), the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) for their use. All training materials will be updated to reflect current federal and state laws, regulations and guidance. The MPOAC Executive Director and Administrative Assistant will supervise the activities of the MPOAC Institute and review and approve MPOAC Institute related materials, invoices and progress reports to ensure that the project continues as anticipated.

A fee is charged to each participant who attends the MPOAC Weekend Institute. This fee is not intended to cover the cost of the weekend institute, but instead is used to cover the cost of food and refreshments provided during the weekend institute. The fee is currently $300 per participant but may change if needed to cover the costs incurred to provide food and refreshments.

While the tasks described above are performed by the CUTR Principal Investigator, it is done in partnership with the MPOAC Executive Director and under the direction of the MPOAC Executive Director. A portion of the budget is set-aside
for the time of the MPOAC Executive Director and Administrative Assistant to participate in the work products and overall direction of this task.

Milestones

The MPOAC updates the training materials used in the Weekend Institute each year and in preparation for the training, staff arranges for printing of training materials, training facilities and conducts two training sessions per year.

End Products

Four total training sessions. MPOAC Weekend Institutes will be held twice between March and June in 2019 and in 2020.

The MPOAC participated in the policy and technical committees organized by the FDOT to develop the 2060 FTP and the SIS Plan. Also, the MPOAC provided detailed comments to USDOT on the NPRMs for performance measures and worked closely with Florida DOT staff to begin the implementation of the early federal transportation performance measures.

Proposed Methodology

The MPOAC will participate in the review of the SIS facility eligibility requirements serve as a member of appropriate working groups or steering committees. The MPOAC will facilitate coordination between the implementation efforts for statewide plans/programs and MPO planning activities by providing a forum for education and discussion between the MPOAC membership, the FDOT and representatives of MPOAC partner organizations.

The MPOAC will coordinate and collaborate with the Florida DOT and the Florida MPOs so that the federal transportation performance management measures are presented using an identical data set, format and manner which is expected to reduce confusion and increase credibility among the public, elected officials and the press.

Work Products

Develop the necessary reports, documents and guidance to coordinate the implementation of statewide plans/programs and MPO planning activities. Work with the 27 MPOs, through the MPOAC, to incorporate the performance management measures into MPO plans and programs. This task will consist of staff time and may involve travel, as needed.

Milestones

This is an ongoing activity as the FDOT implements statewide plans/programs and performance management measurement. It is expected that during the timeframe of this UPWP, the USDOT may issue guidance related to performance management measurement and further define how information is to be displayed and used by MPOs. Should this occur, the MPOAC will provide written comments if the opportunity is made available.

End Products

Ongoing planning and programming activity.

Task 3.3 – Public Transportation, Environment & Community Planning

Purpose

Integrate and promote public transportation, environmental, climate change, sea-level rise, air quality and community planning issues into the metropolitan transportation planning process. This task will expand the role of the Florida Metropolitan Planning Organization Advisory Council (MPOAC) in working with state, regional and local organizations that provide public transportation options and promote environmental streamlining, livable communities and sound community planning practices in order to enhance the overall MPO planning process.

Previous Work Completed

The MPOAC worked with the Florida Department of Transportation (FDOT) Transit Office to incorporate transit issues into the MPO planning process, the FDOT Systems Planning Office to implement the SUNTrail program, and the FDOT Environmental Management Office (EMO) to implement state assumption of federal environmental review responsibilities. The MPOAC also worked with the Florida Department of Economic Opportunity (DEO), the Florida Department of Environmental Protection (DEP), Florida Commission for the Transportation Disadvantaged, and other local, regional, and state organizations that promote environmental, community planning and sustainable development objectives and transportation options.

Proposed Methodology

Continue to work with FDOT, DEO, the Florida Transportation Commission (FTC), Florida Commission for the Transportation Disadvantaged, Florida Public Transportation Association, Florida Greenways and Trails Foundation and the Florida Regional Councils Association to expand the participation of the MPOAC in working with other partners and stakeholders to advance public transportation, efficient transportation decision-making and community planning objectives. Additionally, the MPOAC will work with 1,000 Friends of Florida, the Governor’s staff, DEP and other partner organizations to advance transportation system resiliency, sea-level rise, sustainable development, and air quality considerations in state, metropolitan and local planning activities and processes. The MPOAC Executive Director will serve as an ex-officio non-voting member of the Florida Public Transportation Association (FPTA).

Work Products

The MPOAC will provide a forum for public and private organizations to present programs and issues that lead to better integration of public transportation, environmental, climate change, sea-level rise, air quality and community planning issues within the MPO planning process. As a follow-up, the MPOAC will continue to work with such organizations to update planning guidelines, manuals and other related reports and documents that are used to implement these activities.

The tasks described above are performed by the CUTR Principal Investigator and the MPOAC Executive Director. These tasks are performed under the direction of the MPOAC Executive Director. The funds shown for the CUTR Principal Investigator are to assist and support the MPOAC Executive Director in any aspect of this task as needed under the planning contract the MPOAC has with the University of South Florida, Center for Urban Transportation Research.

Milestones

This is an ongoing activity. Presentations at Quarterly meetings of the MPOAC and at Technical and Policy Committee meetings will take place as needed or requested by MPOAC membership.

Task 3.4 – Safety, Operations and Management

Purpose

To identify and present information related to transportation operations, management & safety that will assist individual metropolitan planning organizations (MPOs) in their development of long range transportation plans, transportation improvement programs, and other planning work products.

Previous Work Completed

Previous work under this task includes transmitting Intelligent Transportation System (ITS), autonomous vehicle, and safety information to MPOs and participating on the Florida Department of Transportation (FDOT) Strategic Highway Safety Plan Steering and Executive Committees, the Transportation Asset Management Plan Steering Committee, the Bicycle and Pedestrian Partnership Council, and the FDOT’s Safe Mobility for Life Coalition and initiatives. The MPOAC Executive Director is a member of the Intelligent Transportation Society of Florida and was a participant in the Safe Streets Summit, the Annual Florida Automated Vehicles Summit, the Florida Metropolitan Planning Partnership, the MPO Leadership meetings, and the FDOT Freight Leadership Forum.

Proposed Methodology

Given the recent implementation of the federal safety performance management measures which will bring focus to this topic, MPOAC staff expects to work with MPOs, the Florida DOT Safety Office and the Office of Policy Planning in this area. MPOAC staff will work with FDOT, Federal Highway Administration (FHWA) and other partners to bring before the MPOAC the latest information regarding transportation safety, automated/connected vehicles, operations and management that can be used by MPOs in support of the urbanized transportation planning process. The MPOAC will work with the FDOT Safety Office to amend the Strategic Highway Safety Plan, as needed, and integrate the goals of the plan into the MPO planning process. Additionally, the MPOAC will work with the Transportation Research Board (TRB), FHWA, the Federal Transit Administration (FTA), and other partner organizations to address the issues facing older road users and other mobility concerns facing a growing senior population.

Work Products

Presentations, workshops and the dissemination of information regarding transportation operations, management, automated/connected vehicles, and safety. Participation on various committees supporting improved safety, operations and maintenance on Florida’s multi-modal transportation system, including the Strategic Highway Safety Plan Steering Committee, the Safe Mobility for Life Coalition, and other committees and boards as requested. This task consists of staff time and may include travel expenses as necessary.

Milestones

This is an ongoing activity. Presentations at Quarterly meetings of the MPOAC and at Technical and Policy Committee meetings will take place as needed or requested by MPOAC membership.

End Products

This is an ongoing activity. Presentations at Quarterly meetings of the MPOAC and at Technical and Policy Committee meetings will take place as needed or requested by MPOAC membership.

Task 3.5 – MPOAC Strategic Plan Implementation and Working Groups

Purpose

To carry out the action items contained in the MPOAC Strategic Directions Plan and update the newly adopted vision statement, guiding principles and goals if needed. The MPOAC Strategic Directions Plan identified several working groups which will increase the value of MPOAC to Florida DOT, the MPOs and the citizens of Florida. These working groups are topic area specific and are intended to address areas which can benefit from the statewide collective forum provided by the MPOAC.

Previous Work Completed

During FY 2015/16, the MPOAC conducted a strategic planning process in an effort to ensure organizational effectiveness in meeting member needs and expectations. The process, guided by the Strategic Directions Advisory Committee (SDAC) and conducted by the Florida CRC Consensus Center, concluded in 2016 and resulted in the completion of the MPOAC Strategic Directions Plan and an associated Implementation Action Plan. The MPOAC identified four working groups to implement over the following four years. The Noteworthy Practices and Complete Streets Working Groups have been formed and are working towards the goals and objectives in the Strategic Directions Plan. The Noteworthy Practices Working Group has assembled a Share Point site for use by the membership. The purpose of this site is to hold and maintain innovative planning practices for the MPO community to draw from and improve the overall state of planning in Florida.

Proposed Methodology

Staff anticipates launching the Training and Communications working groups during the timeframe of this UPWP. The Noteworthy Practices working group is likely to continue to meet, however it may not as frequently as in previous years. The Complete Streets working group will be wrapping up their planned work and will evaluate if there is additional work to undertake or to reduce their meeting frequency over the next two years. Much of the staffing work is provided by member organizations. The final products of the working groups, along with potential changes in federal or state laws and rules, may result in the necessity to modify or amend the existing MPOAC Strategic Directions Plan. Additionally, the deliberations of the working groups may result in the development of new work products (reports, brochures, etc.).

Work Product

Each working group will produce a product or products depending on the nature of their work. The Complete Streets working group is producing a final report which should be available at the beginning of State Fiscal Year 2019 and the Noteworthy Practices Working Group has launched a Share Point site where members may contribute examples of their plans, programs, and other work products for others to learn from and to improve the state of transportation planning among the Florida MPOs. The MPOAC will be required to participate in the cost of these work products. Additionally, the existing MPOAC Strategic Directions Plan may, for a variety of reasons, require modifications or amendments that will require the expenditure of MPOAC resources.

Milestones

Quarterly meetings during Fiscal Years 2018/2019 and 2019/2020 or as needed – Meeting agendas sent out in advance of meetings and the hosting of quarterly meetings.

The Working Groups will periodically report out to the Staff Directors’ Advisory Committee and produce reports, websites, and products that may be used by MPOs and require financial expenditure by the MPOAC. Amendments and modifications to the existing MPOAC Strategic Directions Plan may be required during Fiscal Years 2018/2019 and/or FY 2019/2020.
End Products

Quarterly meetings during Fiscal Years 2018/2019 and 2019/2020 or as needed – Meetings of the MPOAC Strategic Plan working groups. The deliberations of the Working Groups may result in work products requiring financial expenditure by the MPOAC. Amendments and modifications to the existing MPOAC Strategic Directions Plan may be required during Fiscal Years 2018/2019 and/or FY 2019/2020. A final report of the Complete Streets Working Group will be available at the beginning of State Fiscal Year 2019.

MPOAC Responses to Comments Received

The Draft UPWP was available for public comment for 21 days, beginning on April 28, 2018. To solicit comments, the Draft UPWP was published on the MPOAC website and was emailed as an attachment to the email distribution lists of MPOAC. The following comments were received:

**Florida Department of Transportation:** Please use the official FDOT UPWP Statements and Assurances, available at the following link: https://fms.fdot.gov/Anonymous/SendDocumentToClient?documentId=1795

**MPOAC response:** Agreed, Thank you. The updated FDOT UPWP Statements and Assurances documents were incorporated into the Final UPWP.

**Florida Division of Federal Highway Administration:** General Comment - Please review the document and edit to either spell out the first use of acronyms or perhaps include a glossary of acronyms as an appendix in the Unified Planning Work Program (UPWP).

**MPOAC response:** Agreed, Thank you. The document has been reviewed and the first use of acronyms has been spelled out.

**Florida Division of Federal Highway Administration:** General Comment – Tasks that involve consultant participation should provide enough detail (such as project scope, work to be accomplished by the consultant for each project, anticipated completion dates and project costs) about what the consultant responsibilities are concerning the activities to be undertaken using federal-aid funds. If that is not possible at this time, prior to the Metropolitan Planning Organization Advisory Council’s (MPOAC) use of PL funds for these types of planning projects or activities, the District shall forward a copy of the scope of services, the anticipated cost and completion date to FHWA for review and approve. It will continue to be the responsibility of the Central Office and the MPOAC to ensure that all activities undertaken as part of these tasks are eligible and are allowable costs.

**MPOAC response:** Agreed, Thank you. MPOAC will work with FHWA to insure work and tasks performed by consultants are adequately detailed in the UPWP or in a scope of services approved by FHWA.

**Florida Division of Federal Highway Administration:** General Comment – Please ensure that all required Agreements or Certifications are signed and included in the final UPWP and are consistent with the forms used by all the MPOs in the state.

**MPOAC response:** Agreed, Thank you. The updated UPWP Statements and Assurances documents were incorporated into the Final UPWP.

**Florida Division of Federal Highway Administration:** General Comment – Please edit for consistency in use of “27 MPOs” versus “twenty-seven MPOs” specifically in Task 3.2 both are used.

**MPOAC response:** Agreed, Thank you. A review of the draft UPWP located any instances of “twenty-seven” used in the document and they have been changed to “27”.

39
**Florida Division of Federal Highway Administration:** Task 1.1 – Perhaps I missed the reference in the body of the task, but ensure the Methodology section identifies what advertising costs are being paid for that are included in the budget tables. This is necessary to ensure adherence to 2 Code of Federal Regulations (CFR) 200.421 Advertising and Public Relations.

**MPOAC response:** Agreed, Thank you. Language has been added to the Proposed Methodology, Work Products and End Products stating that MPOAC will advertise it’s meetings in the Florida Administrative Register as required by Florida’s Sunshine Law.

**Florida Division of Federal Highway Administration:** Task 2.1 - Is travel ever required for this effort, such as to Association of Metropolitan Planning Organizations (AMPO) and other venues when representing the MPOs’ positions on legislation? If so, a budget estimate for it as a line item should be included in the task.

**MPOAC response:** Agreed, Thank you. When attending AMPO or other similar venues the primary purpose is attendance at a conference and any discussion related to policy positions or proposed legislation is minimal and secondary. The travel, and associated expense, to the conference would have occurred as part of attending the conference which is the primary and majority reason for the travel. When participating in meetings whose sole purpose is to discuss legislative policy, MPOAC’s participation has been via phone and is expected to continue this manner of participation during the course of this UPWP.

**Florida Division of Federal Highway Administration:** Task 3.1 – One of the products under the Milestones section is a weekly informational, update on legislative activity – is this the same product as the weekly legislative newsletter identified in Task 2.1?

**MPOAC response:** Yes, this is the same product. Because the primary purpose of this newsletter is based upon legislative activity it seems most appropriate to have it shown in Task 2.1 only. It will be removed from Task 3.1. The weekly legislative newsletter is primarily an informational piece to keep MPOAC members and partners informed about what is transpiring during the legislative session. The primary purpose is to inform and educate.

**Florida Division of Federal Highway Administration:** Task 3.1 - Please note, in the End Products section participation in efforts to represent the MPOs in Florida in regards to legislation should be carefully reviewed to ensure that activities using federal funds are deemed allowable and in full compliance with 2 CFR 200.450 Lobbying.

**MPOAC response:** Agreed, Thank you. It has been removed and is detailed in Task 2.1.

**Florida Division of Federal Highway Administration:** Task 3.4 – Since travel expenses may be necessary to perform some of the activities in this task, it is suggested that a line item for travel be included in the task budget tables.

**MPOAC response:** Any travel required for Task 3.4 would be in conjunction with attendance at other MPOAC meetings which are listed in Task 1.1. The primary purpose of the travel is contained in Task 1.1 and it seems appropriate to show the travel for a trip with the Task that is covering the majority of the travel purpose. MPOAC is asking to show the travel in only Task 1.1 to avoid double counting of travel costs.
**Florida Division of Federal Highway Administration:** Task 3.5 – The Work Product section identifies a final report from the Complete Streets Group. When is this final report anticipated? This section also identifies a SharePoint site launched by the Noteworthy Practices Working Group. Is this information about the SharePoint site more appropriate for the Previous Work Completed Section?

**MPOAC response:** Agreed, Thank you. These additional details and clarifications have been added to Task 3.5. The Complete Streets Working Group final report is expected to be presented at the beginning of State Fiscal Year 2019. The SharePoint has been added to the Previous Accomplishments.

**Florida Division of Federal Highway Administration:** Task 3.5 - It appears that staff time and fringe benefits expenses for work coordinating the Strategic Plan Working Groups is being double counted since these efforts are also described in Task 1.1 MPO Administration. Please review these two tasks and adjust the anticipated expenditures and section narration appropriately.

**MPOAC response:** Agreed, thank you. The references to staffing and conducting MPOAC Strategic Plan Working Groups was removed from Task 1.1 to avoid double counting. These meetings were not intended to be in Task 1.1 and were inadvertently included in the draft of Task 1.1
